## SUMMARY                                             🔗 Portfolio Website

I am a passionate and driven software engineer eager to launch my career in technology. I have a keen interest in web development and have developed practical skills in  C++ and JavaScript. My strong problem solving abilities, attention to detail, and enthusiasm for learning new technologies position me well for contributing effectively to innovative software solutions.

## EDUCATION

**Gyan Ganga Institute of Technology and Sciences**                         August 2021 – June 2025
B.tech in Computer Science Engineering with 7.45 CGPA

**St. Augustine sr. sec. School**                                          April 2020 –  March 2021
XII with 72.6 %

**St. Augustine sr. sec. School**                                          April 2018  – March 2019
X with 88.8 %

## PROJECTS

**Focus On Today (Activity Tracker)**

HTML, CSS, JAVASCRIPT

- Manage tasks dynamically without page reloads and activities are saved in localStorage, so data remains after refreshing the page.
- Designed a user-friendly interface , prioritizing ease of use and visually track how much has tasks have been accomplished.

**WeatherX**

HTML, CSS, JAVASCRIPT

- Implemented a search feature allowing users to input locations and retrieve relevant weather information, enhancing the app's usability and convenience.
- Integrated APIs to fetch real-time weather data for searched locations, ensuring accuracy and timeliness of the weather forecasts.

**Amazon Clone (Welcoming Homepage)**

HTML, CSS

- Static website which matches the look and feel of the official Amazon site.
- Demonstrated ability to replicate complex layouts.

## TECHNICAL SKILLS

**Languages :** C++, Java, HTML, CSS, Javascript, React basics, Tailwind CSS

**Developer Tools:** VS Code, Github, Replit, Vercel, Notion, Figma

## CERTIFICATIONS

**Programming Essentials in C++   [CPA]**
Cisco Networking Academy

**Programming Essentials in C**
Cisco Networking Academy

## ACHIEVEMENTS

**Coding Language C++**

Leetcode
- Demonstrated Problem-Solving Skills: Successfully tackled over 100 questions

Coding Ninjas
- Completed over 100 coding questions on Coding Ninjas platform.
